## CONSENT + AUTHORIZATION FOR TREATMENT

By my signature below, I authorize evaluation and/or treatment by Dr. Wu, and his staff.

I understand that many dermatological conditions are chronic and require ongoing care. All medications have side effects and there are risks to any medication prescribed.

Dermatologists frequently diagnose skin growths by performing a skin biopsy (sampling a small area of skin under local anesthesia) and treat skin growths by freezing, cauterization with a heated needle, and/or cortisone injection. I understand that there are risks to any procedure and that these risks include, but are not limited to:

- Temporary or permanent discoloration
- Scarring
- Pain
- Infection
- Bleeding
- Nerve damage.

I consent to having these procedures done as part of my care and treatment.

I understand that full skin examinations for cancer screening are performed if scheduled in advance.

I recognize that most visits are for consultation and evaluation of a specific condition and that surgeries, even minor removals, may need to be scheduled at a separate time. If time allows, the physician is happy to add this on to any appointment. This authorization and consent shall remain in force for this visit and all future visits to the office.

**This consent will remain in effect until revoked by me in writing.**

## FINANCIAL POLICY

Payment is expected as services are rendered. We accept cash, personal checks, Visa, Discover and MasterCard. **IT IS YOUR RESPONSIBILITY TO LET US KNOW OF ANY CHANGES TO YOUR INSURANCE.** Please initial whichever policy applies to you below:

- **Cash and out-of-network PPO:** If you are a cash patient or if your physician is not a contracted provider with your insurance company, we will collect payment at the end of your visit. All visits are charged a standard consultation fee plus additional fees for any procedures performed at the time of your visit. Feel free to discuss these charges with your doctor *prior* to the procedure. The office visit will be applied towards your **out-of-network benefits** and any reimbursement will be sent directly to you. Otherwise, we will provide you with a form for you to submit to your insurance company for direct reimbursement. You must fill out your personal insurance identification information on our form and submit it to your insurance company; the claims address can be found on the back of your insurance card.

***Cosmetic procedures will not be billed to insurance and are the patient's responsibility.***

- **In-network PPO/HMO patients:** For those patients who are covered by insurance and seeing a physician contracted with your insurance company, we will be happy to bill on your behalf, whenever medically applicable. Patient responsibility will depend on your contract with your insurance company and apply to any deductible or coinsurance amounts that you must satisfy. Tests run in the office or which are referred to an outside facility, such as pathology, laboratory, radiology, or other diagnostic tests may be billed separately and will be in addition to the office visit charges. Verification of benefits is not a guarantee of coverage. Medical necessity is up to the determination of your insurance provider. You, the patient, may be responsible for services even if the doctor is contracted with the patient's insurance company if the service is deemed not medically necessary by your insurance plan.

- **Medicare patients:** We will bill Medicare on your behalf as long as you have not signed your Medicare over to an HMO. Medicare will then forward your claim to your secondary as long as you have a **crossover** set up. If you do not have a secondary **or** your secondary does not pick up Medicare's allowed amount as 100%, you may have some responsibility once we have received payment from your insurance.

Any outstanding balance that is your responsibility is expected to be paid in full within 60 days. Payment plans are available, just ask and we would be happy to work with you.

All patient refunds will be kept as a credit on the patient's account towards their next visit unless a refund request is initiated by the patient. ## Information Regarding PPO/HMO Billing Practices

In an effort to avoid any billing confusion or surprises for our patients, we are providing this information to our PPO/HMO patients who are seeing our physicians or nurse practitioner and using their insurance.

Health insurance is unlike any other insurance you buy: even after you pay premiums, there are complicated, continuing costs - co-pays, deductibles, and co-insurance. Understanding these costs will hopefully help you understand any bills you may receive from our office.

**Co-pay:** Your co-pay is a predetermined rate you pay for health care services at the time of care. Co-pays for specialists are often more than primary care doctors. We are required by your insurance company to collect your co-pay at the time of service. Please come prepared to pay your co-pay at the time of service so we do not have to cancel or reschedule your appointment.

**Deductible:** The deductible is how much you pay before your health insurance starts to cover a larger portion of your bills. Even if a visit or procedure is medically necessary and "covered by your insurance," you will still be responsible for paying the doctor in full for any medical bills you incur until your deductible is met. This amount is in addition to your co-payment that was collected at the time of service. The amount you pay will be applied towards your deductible amount. In general, if you have a \$1,000 deductible, you must pay \$1,000 for your own care out-of-pocket before your insurer starts covering a higher portion of costs. The deductible resets yearly.

**Co-insurance:** Co-insurance is a percentage of a medical charge that you pay, with the rest being paid by your health insurance plan, AFTER your deductible has been met. For example, if you have a 20% co-insurance, you pay 20% of medical services, and your health insurance will cover 80%.

If you are seeing a contracting provider and using your insurance, we are bound by our contract with your insurance provider.

- **The prices for services are determined by your insurance company. When opting to use your insurance coverage you agree to their terms and conditions.** Our cash prices may be less than the set insurance price for some procedures. You may inquire about cash prices and choose to see our providers as a cash patient. *However, if you do so, you will NOT be able to submit the claim to your insurance company and the amount you pay to our office will not be applied to your insurance plan.* The cash amount will be due at the time of service.

Procedures (including but not limited to biopsies, excisions, suturing, freezings, cauterizations, injections, acne surgery, etc) are not included in the price of an office visit and will have an additional charge associated with them. This price is also determined by your insurance company. You may have a separate deductible for these procedures. Therefore, your insurance may pay for the office visit portion of the charges but not the procedures until this deductible is met.

**While we are happy to assist you with your insurance questions, it is YOUR responsibility to understand your insurance coverage.** More detailed information about your plan's co-pay, deductible, and co-insurance can be obtained by calling your insurance company or referencing the contract you received when you signed up for your plan.

I understand the above and agree to pay all co-pays, deductibles, or co-insurance payments related to my visits.
